The Witch & The Queen Return:
Mirror, mirror, on the wall,
who is the fairest of them all?
"Not you, dear, not anymore."*

The fairy tale of Snow White is our guide as we explore the terrain of midlife and beyond. With its central themes of aging and the loss of youth, this dynamic workshop offers a unique experience for women to explore the transition of menopause and the universal patterns of this life stage. Is there life beyond peri-menopause? How do the Witch & Queen appear in the psyches of women at this stage of life? What are the fluctuations within the body and the psyche as the Witch & Queen appear and disappear? And how can they assist women as they approach the Crone? Is it possible that if we take a look at the inner Witch and Queen we may come into the fullness of our being?

"This mirror inside me shows, I can't not see,
but I can't not know."--Rumi
